Web Page:

Aloha and Greetings to All. My name is Mele Carroll and I am a candidate running for the Maui County Council East Maui seat.

My professional experience that qualifies me for this position includes, currently working as an Executive Assistant & Chief Legislative Liaison for Mayor Alan Arakawa for the County of Maui. I am in charge of lobbying the legislature during the legislative session on issues that relate to Maui County.

In lobbying the legislature, I was responsible for seeking funding for an air ambulance service for Maui County. I am proud to say that through collaboration with the State Legislators, Maui County Council, State Department of Health, the private sector and the community in general, we were able to get legislation pass to provide for an emergency medical helicopter service for Maui County and increase the Kula ambulance from 12 to 24 hours.

I am also assigned to the areas Hana, Lana'i and Moloka'i and represent the Mayor as his liaison. My duty includes researching and following-up on issues that affect the community. Besides working for the Mayor, I have worked four years at the Maui County Council and two years working at the State Senate for Senator J. Kalani English as his Chief of Staff.

My philosophy is simple. I am a person of action with results. I believe in listening to all points of views, doing what's right by working with the community. It's about the getting the job done! I humbly ask for your support.
